Austin, TX | (704) 402-3999

EDUCATION

The University of Texas at Austin, Austin, TX Expected Graduation: May 2025
Bachelor of Science in Computer Science, GPA: 4.0
Relevant Coursework: Computer Architecture (Spring '22), Quantum Computing I (Sp '22), Data Structures, Discrete Math, Matrices/Matrix Calculations (Sp '22)

EXPERIENCE

OnScreen Solutions, Tampa, FL (online) June 2020 – July 2020
Web Development Contractor/Intern

- Created a return on investment calculator for potential clients of the company
- Learned the **React JavaScript** library for web app development, and how to access databases with **MySQL**
- Developed understanding of **RESTful APIs** and **HTTP** request methods

Iredell-Statesville Schools, Statesville, NC August 2019-August 2020
Volunteer Web Developer

- Worked in a pair, transforming paper forms into webpages to save time for teachers
- Gained deep familiarity with **HTML**, **CSS**, **Javascript**, and **Google Apps** scripting

PROJECTS

Volunity (<https://github.com/bengordon-dev/volunity-archive>) January 2021 - December 2021

- Created a mobile/web app with 2 friends to connect volunteers to nonprofits
- Gained valuable experience developing with **React Native** and **Firebase**

Election analysis January 2021-present

- Learned **sed**, **awk**, and other command-line tools to parse through historical data
- Wrote **Python** scripts importing **matplotlib** to make treemaps and line graphs from parsed data

Consilia (<https://github.com/consilia-proj/consilia-mobile-app>) October 2021

- Used recently acquired skills to lead the frontend development of my **HackTX** team's project
- Created **React Native** code and successfully called an API written by my teammates

Elementary cellular automata Spring 2021

- Immersed myself into bitwise operations to better understand Wolfram codes
- Drove LED strips with an **Arduino** to visualize simple chaotic systems

Discord Bot August 2020

- Created an asynchronous **Python** script to improve online Quiz Bowl practices

TECHNICAL SKILLS

- Proficient in React/React Native, UNIX command line, Java, Python, HTML/CSS/JavaScript
- Experienced with C, Node.js; Familiar with Firebase, Express.js, Matplotlib

STUDENT ORGANIZATIONS

Texas Product Engineering Organization, Austin, TX August 2021 - December 2021

- Consistently attended Engineering lectures twice a week to learn about full-stack development
- Applied new knowledge to major projects in my life

Quiz Bowl Club, NCSSM, Durham, NC August 2019 – June 2021
Captain, Player

- Drove the club forward with leadership and technical skills through the uncertainty of the COVID-19 pandemic
- Ran practices twice a week, hosted 2 online tournaments, and sent teams to dozens of online events
